H : Hybrid

VARIETY	TYPE/HARVEST	COLOR	CHARACTERISTICS
Applegreen	OP/3"/70 days	Green	This rounded light apple-green eggplant, about 6 x 4 1/2" is early and productive. Mild white flesh is non-bitter, tender, and flavorful.
Black Beauty	H/MP	Purple	Each plant produces 6 - 12 broad, egg-shaped fruits with dark purple skin. Large spreading plants grow to 24-28" in height.
Cloud Nine	H/3"/65 days	White	Cloud Nine bears pure white, bitter-free fruit with an elegant teardrop shape and delicate flavor. For best quality, harvest fruit when they are about 7 inches long.
Kermit	H/3"/60 days	Green	Thai specialty. Compact, well-branched plant with a prolific set of small, round fruits, avg. 2" across. White blossom end with a deep green, striped shoulder and green calyx
Pingtung Long	H/3"/58 days	Purple	Named for a town in Taiwan. These long Chinese eggplant have an appealing sweetness and produce uniform slices for cooking.
Rosa Bianca	OP/3"/88 days	Bicolor	This Italian heirloom has a creamy pudding-like consistency and delicate flavor. The plump fruits are a gorgeous white with lavender streaking down the side, about 3 - 4" across and 5" long - from 2 - 4 lbs.
Zebra	H/3"/70 days	Bicolor	Italian purple and white striped fruits average 6 1/2-8" x 3-4" and have a green calyx.
